

Use of ICT Resources

An Mhodscoil's information and technology resources (e.g. e-mail, computers, computer applications, networks, internet, intranet, facsimile, cell phone and other wireless communications devices, telephone, paging and voice mail systems and the like) are school property and are provided solely for school related activities. Occasional personal use of these resources is permitted but must be kept to a minimum.

Inappropriate use including hacking, pirating software, using school resources for non-school commercial activities, soliciting, distributing literature for outside entities, disclosing confidential information of the school, sending inappropriate e-mail or accessing inappropriate web sites (such as those advocating hate or violence, containing sexually explicit material promoting illegal activities), or using school resources in a way that violates the letter or spirit of the school's policies or reflects negatively on the school is forbidden.

Users of the school's information and technology resources must not share passwords. If you allow others to use your password or assigned resource, you will be held responsible for their use.

Consistent with national laws, the Board of Management reserves the right to monitor the use of its information and technology resources and to take appropriate disciplinary actions up to and including termination, or denying future access privileges in cases of misuse. Staff/pupils use of the school's information and technology resources constitutes consent to such monitoring.

Staff may only use ICT resources for personal use either before 8.50am or after 2.30pm
