Introduction

As a school community we have successfully navigated our way through what has been the most challenging time in the history of modern Irish education. As we look forward with excitement to re-opening our school on August 31st, we need to be aware that there will be challenges ahead.

Our school will operate under new norms. As a school community we will have to adapt quickly to new and revised practices and procedures many of which are detailed in this policy. The Health, Safety and Well-being of all members of our school community is of paramount importance to us all.

Procedures have been put in place in line with HSE and Department of Education and Skills advice and guidance and are subject to change as new advice or the changing needs of our school dictate. All members of the school community, irrespective of circumstance, are expected to adhere fully to the procedures put in place in an attempt to minimize the risk posed by Covid-19. It is critical that staff, pupils, parents and visitors are aware of, and adhere to, the control measures outlined and that they fully cooperate with all health and safety requirements.

It cannot be emphasized strongly enough that all members of the school community must adhere fully to the practices and procedures put in place to ensure all of our safety. Any instances of non-compliance will be brought to the attention of the Board of Management.

Each and every individual must play their part. We all have an obligation to do what we can to ensure the safety of our school community. Breaches of procedure by any individual will not be tolerated. Covid-19 poses a serious risk to us all.

This Covid-19 Response Plan is designed to support the staff and Board of Management (BOM) in putting measures in place that will prevent the spread of Covid-19 in An Mhodscoil. The Covid-19 Response Plan details the policies and practices necessary for our school to meet the Government's 'Return to Work Safely Protocol', the Department of Education and Skills plan for school reopening and to prevent the spread of Covid-19 in the school environment. The plan incorporates current advice about measures to reduce the spread of Covid-19 in the community issued by the National Public Health Emergency Team (NPHET). As the advice issued by NPHET continues to evolve, this protocol and the measures management and staff need to address may also change. The plan is a live working document and may be reviewed and amended to take into account new guidance from www.Gov.ie, www.dbei.ie, www.hse.ie, www.hpsc.ie, www.hsa.ie; www.education.ie. The response plan will support the sustainable reopening of our school where the overriding objective is to protect the health of staff and pupils while promoting the educational and development needs of the children in the school. In line with the Return to Work Safely Protocol, the key to a safe and continued return to work, and re-opening of our schools requires strong communication and a shared collaborative approach between the Board of management, staff, pupils and parents.

Aims

Through the implementation of the practices and procedures as outlined in this policy our school community aims to:

- Do everything practical to avoid the introduction of COVID-19 into our school.
- Reduce the likelihood of the spread of Covid-19, insofar as possible, within our school if introduced.
- Detail for all members of our school community how our school will reopen for all students from September 1st and what the operation of our school will look like so as to be sustainable in a COVID-19 context.
- Balance the need for a practical and sensible level of caution with the need to provide a supportive environment for teaching and learning.

An Mhodhscoil COVID-19 Policy Statement

An Mhodhscoil is committed to providing a safe and healthy workplace for all our staff and a safe learning environment for all our pupils. To ensure that, we have developed the following COVID-19 Response Plan. The BOM and all school staff are responsible for the implementation of this plan and a combined effort will help contain the spread of the virus. We will:

- continue to monitor our COVID-19 response and amend this plan in consultation with our staff
- provide up to date information to our staff and pupils on the Public Health advice issued by the HSE and Gov.ie
- display information on the signs and symptoms of COVID-19 and correct hand-washing techniques
- agree with staff, a worker representative who is easily identifiable to carry out the role outlined in this plan
- inform all staff and pupils of essential hygiene and respiratory etiquette and physical distancing requirements
- adapt the school to facilitate physical distancing as appropriate in line with the guidance and direction of the Department of Education
- keep a contact log to help with contact tracing
- ensure staff engage with the induction / familiarisation briefing provided by the Department of Education
- implement the agreed procedures to be followed in the event of someone showing symptoms of COVID-19 while at school
- provide instructions for staff and pupils to follow if they develop signs and symptoms of COVID-19 during school time
- implement cleaning in line with Department of Education advice

All school staff will be consulted on an ongoing basis and feedback is encouraged on any concerns, issues or suggestions.

This can be done through our Lead Worker Representative, Brefni Mc Carthy, who will be supported in line with the agreement between the Department and education partners. Múinteoir Brefni will be assisted by our Deputy Lead Worker Cairíona Rice.

Signed: Éibhear Ó Déaghaidh

Date: 27 / 8 / 2021

Know the symptoms of Covid-19

In order to prevent the spread of COVID-19 it is important to know and recognise the symptoms of coronavirus (which includes the DELTA variant).

Common symptoms of coronavirus include:

- a fever (high temperature - 38 degrees Celsius or above).
- a new cough - this can be any kind of cough, not just dry.
- shortness of breath or breathing difficulties.
- loss or change in your sense of smell or taste – this means you’ve noticed you cannot smell or taste anything, or things smell or taste different to normal
- Fatigue
- Aches and Pains

Other uncommon symptoms of coronavirus include:

- sore throat
- headaches
- runny or stuffy noses
- feeling sick or vomiting
- diarrhoea

Infection with the virus that causes COVID-19 can cause illness, ranging from mild to severe, and, in some cases, can be fatal. It can take up to 14 days for symptoms to show. They can be similar to symptoms of [cold](#) and [flu](#).

If you have any symptoms of COVID-19 (coronavirus), [self-isolate](#) (stay in your room) and phone your family doctor straight away to see if you need [a free COVID-19 test](#).

Getting an early diagnosis means, you can get the help you need and take steps to avoid spreading the virus, if you have it.

For the complete list of symptoms, please refer to the HSE [Website](#). Symptoms may be subject to change so regular review of the HSE Website is advised. If you **do not** have symptoms, you can get a free COVID-19 (coronavirus) test at a [COVID-19 walk-in test centre](#).

Coronavirus
COVID-19
Public Health
Advice

If you have fever and/or cough you should stay at home regardless of your travel or contact history.

If you have returned from an area that is subject to travel restrictions due to COVID-19 you should restrict your movement for 14 days. Check the list of affected areas on www.dfa.ie

All people are advised to:

- > **Reduce** social interactions
- > **Keep a distance** of 2m between you and other people
- > **Do not** shake hands or make close contact where possible

If you have symptoms visit hse.ie **QR** phone HSE Live **1850 24 1850**

How to Prevent

Stop
shaking hands or hugging when saying hello or greeting other people

Distance
yourself at least 2 metres (6 feet) away from other people, especially those who might be unwell

Wash
your hands well and often to avoid contamination

Cover
your mouth and nose with a tissue or sleeve when coughing or sneezing and discard used tissue

Avoid
touching eyes, nose, or mouth with unwashed hands

Clean
and disinfect frequently touched objects and surfaces

Symptoms

- Fever (High Temperature)
- A Cough
- Shortness of Breath
- Breathing Difficulties

Minimising the Risk of Introduction of COVID-19 into our school

As a school community we must do everything practical to avoid the introduction of COVID-19 into our school. If infection is not introduced it cannot be spread. The risk of spreading the infection once introduced exists in all interpersonal interactions; student-student, teacher-teacher and teacher-student and must be managed in all settings.

A range of essential control measures have been implemented to reduce the risk of the spread of the Covid-19 virus and to protect the safety, health and welfare of staff, pupils, parents and visitors, as far as possible, within the school environment. These control measures shall continue to be reviewed and updated as required on an ongoing basis.

It is critical that staff, pupils, parents and visitors are aware of, and adhere to, the control measures outlined and that they fully cooperate with all procedures and health and safety requirements.

Practices and procedures.

Promoting awareness:

- **All members of our school community will actively promote** awareness of COVID-19 symptoms.
- Signage informing members of the school community of the symptoms of Covid-19 and the need for social distancing are displayed at all access points to school grounds.
- All members of the school community will embed in pupils the need for appropriate respiratory hygiene and hand hygiene.
- Parents, pupils and staff will adhere to all procedures.

Signage

Schools will display signage outlining the signs and symptoms of COVID-19 and to support good hand and respiratory hygiene. These posters are on display in prominent areas such as offices, corridors, staffroom area, classrooms and toilets.

Return to Work

Procedure for Returning to Work (RTW) In order to return to the workplace, staff must complete a Return to Work (RTW) form, which is available electronically or from the Principal. A RTW form should only be completed at least 3 days prior to any proposed date of return to the workplace.

On receipt of the completed form the Principal will provide: details of the Induction Training for completion by staff prior to the return to the workplace and details of any additional health and safety measures in place in the school to facilitate the staff member's return to the school facility.

- **Procedure for Returning to Work (RTW) & Appendix 6 Checklist for School Management**

A RTW form should be completed and returned to the school before returning to work. Schools should request staff (verbally or in writing) to confirm that the details in the pre-return to work form remain unchanged following subsequent periods of closure such as school holidays.

Note: Induction Training for staff will be developed by the Department in consultation with stakeholders and made available for all schools and staff.

Return to work safely

Lead Worker Representative – Brefni Mc Carthy

Responsibility for the development and implementation of the Covid-19 Response Plan and the associated control measures lies primarily with the Board of Management and the School Leadership. The Return to Work Safely protocol provides for an agreed procedure between management and staff to appoint a Lead Worker Representative to carry out a specific role.

The role of the worker representative) is to ensure that Covid-19 measures are adhered to in the workplace as follows:

- Work collaboratively with the employer to ensure, so far as is reasonably practicable, the safety, health and welfare of employees in relation to COVID-19.
- Promote good hygiene practices such as washing hands regularly and maintaining good respiratory etiquette along with maintaining social distancing in accordance with public health advice.
- Assist with the implementation of measures to suppress COVID-19 in the workplace.
- Monitor adherence to measures put in place to prevent the spread of COVID-19.
- Consult with colleagues on matters relating to COVID-19 in the workplace.
- Make representations on behalf of their colleagues on matters relating to COVID-19 in the workplace.

NOTE: If a staff member has any concerns or observations in relation to the Covid-19 Response Plan and control measures or the adherence to such control measures by staff, parents/guardians, contractors or visitors, he/she should contact the lead worker(s) who will engage with the Principal/BOM.

All staff, parents/guardians, contractors and visitors have a responsibility both as individuals and collectively to have due regard for their own health and safety and that of others and to assist with the implementation of the Covid-19 Response Plan and associated control measures.

Safety Statement and Risk Assessment

COVID-19 represents a hazard in the context of health and safety in the school environment. A risk assessment to identify the control measures required to mitigate the risk of COVID-19 in school settings will be developed in conjunction with school management.

It is important that schools review their emergency procedures involving fire safety, first aid, accidents and dangerous occurrences to consider any new risks that arise due to the school's COVID-19 Response Plan. Any changes to the schools existing emergency procedures should be documented.

Schools should also review their existing risk assessments to consider any new risks that arise due to the school's COVID-19 Response Plan. Any changes to the school's current risk assessments should also be documented.

Control Measures

A range of essential control measures have been implemented to reduce the risk of the spread of Covid-19 virus and to protect the safety, health and welfare of staff, pupils, parents/guardians and visitors as far as possible within the school.

These control measures are outlined in this document. The control measures shall continue to be reviewed and updated as required on an ongoing basis. It is critical that staff, pupils, parents/guardians and visitors are aware of, and adhere to, the control measures outlined and that they fully cooperate with all health and safety requirements.

Staff, in particular, should note that they have a legal obligation under Section 13 of the Safety, Health and Welfare at Work Act 2005 to comply with health and safety requirements and to take reasonable care for the health and safety of themselves, their colleagues and other parties within the workplace.

The following control measures have been put in place:

A

Return to Work Form Staff will be required to complete a RTW form at least 3 days prior to any return to the school facility (see section 2 above). The purpose of the RTW form is to get confirmation from staff that, to the best of his/her knowledge, he/she has no symptoms of Covid-19 and is not self-isolating or cocooning or awaiting the results of a Covid-19 test.

B.

Induction Training All staff will undertake and complete Covid-19 Induction Training prior to returning to the school building. The aim of such training is to ensure that staff have full knowledge and understanding of the following:

- Latest up to-date advice and guidance on public health
- Covid-19 symptoms
- What to do if a staff member or pupil develops symptoms of Covid-19 while at school
- Outline of the Covid-19 response plan

Staff will be kept fully informed of the control measures in place in the school and their duties and responsibilities in preventing the spread of Covid-19 and with any changes to the control measures or guidance available from the public health authorities.

If a staff member is unsure about any aspect of the Covid-19 Response Plan, the associated control measures, or his/her duties, he/she should immediately seek guidance from the Principal.

Note: Induction Training for reopening schools in the new school year will be developed by the Department in consultation with stakeholders and made available for all schools and staff.

C.

Hygiene and Respiratory Etiquette It is crucial that all staff, pupils, parents/guardians, contractors and visitors are familiar with, and adopt, good hand and respiratory hygiene practices.

D.

Use of Personal Protective Equipment (PPE) PPE will not be required to be worn within the school facility according to current occupational and public health guidance. However, for a limited number of staff, PPE will need to be used occasionally or constantly due to the nature of certain work activities or work areas.

Such include roles where:

- Performing intimate care
- Where a suspected case of Covid-19 is identified while the school is in operation

Appropriate PPE will be available for dealing with suspected COVID-19 cases, intimate care needs and for first aid. This will be updated as appropriate in line with advice from the HPSC. Where staff provide healthcare to children with medical needs in the school environment they should apply standard precautions as per usual practice.

Face coverings must be worn by all staff where it's not possible to maintain a distance of 2 metres from staff or pupils. **Previously clear visors were considered sufficient but Masks Grade EN 14683 must now be worn by all staff members.**

Wearing of Gloves: The use of disposable gloves in the school setting by pupils or staff is not appropriate. It does not protect the wearer and may expose others to risk from contaminated gloves. Routine use of disposable gloves is not a substitute for hand hygiene.

E.

First Aid/emergency procedure

The standard First Aid/Emergency procedure shall continue to apply in An Mhodscoil. In an emergency or in case of a serious incident, call for an ambulance or the fire brigade on 112/999. Contact the principal or nearest first aider giving details of location and type of medical incident.

People at very high risk (extremely vulnerable):

Current public health guidelines have identified groups who are defined as being at very high risk. The HSE has set out these groups.

The list of people in very high risk groups include people who:

- are over 70 years of age - even if you're fit and well
- have had an organ transplant
- are undergoing active chemotherapy for cancer
- are having radical radiotherapy for lung cancer
- have cancers of the blood or bone marrow such as leukaemia, lymphoma or myeloma who are at any stage of treatment
- are having immunotherapy or other continuing antibody treatments for cancer
- are having other targeted cancer treatments which can affect the immune system
- have had bone marrow or stem cell transplants in the last 6 months, or who are still taking immunosuppressive drugs
- severe respiratory conditions including cystic fibrosis, severe asthma, pulmonary fibrosis, lung fibrosis, interstitial lung disease and severe COPD 7
- have a condition that means you have a very high risk of getting infections (such as SCID, homozygous sickle cell)
- are taking medicine that makes you much more likely to get infections (such as high doses of steroids or immunosuppression therapies)
- have a serious heart condition and you are pregnant

The advice for this group is available from the HSE. Staff who are in this group should self-declare on the Return to Work form if they believe that they are at very high risk. Details of the leave arrangements that will apply will be updated by the Department of Education and Skills.

If the Board/Principal is unsure whether or not staff fall into the very high-risk category, advice will be sought from the Occupational Health Service.

People at high risk

The list of people in high risk groups includes people who:

- are over 60 years of age
- have a learning disability
- have a lung condition that's not severe (such as asthma, COPD, emphysema or bronchitis)
- have heart disease (such as heart failure)

- have high blood pressure (hypertension)
- have diabetes
- have chronic kidney disease
- have liver disease (such as hepatitis)
- have a medical condition that can affect your breathing
- have cancer
- have a weak immune system (immunosuppressed)
- have cerebrovascular disease
- have a condition affecting your brain or nerves (such as Parkinson's disease, motor neurone disease, multiple sclerosis, or cerebral palsy)
- have a problem with your spleen or have had your spleen removed
- have a condition that means you have a high risk of getting infections (such as HIV, lupus or scleroderma)
- are taking medicine that can affect your immune system (such as low doses of steroids)
- have obesity
- are residents of nursing homes and other long-stay settings
- are in specialist disability care and are over 50 years of age or have an underlying health problem

Take extra care to follow the advice on how to protect yourself from coronavirus.

- practice social distancing where possible
- wash your hands regularly and properly

Ask the people in your life to take extra care to protect you from coronavirus.

Additions to COVID-19 Response Plan

Infection Prevention Control Measures - To prevent Introduction and Spread of COVID-19 in Schools

To assist us in preventing the introduction and spread of COVID-19 in school, we ask the following:

- That all staff and pupils self-isolate or restrict their movements at home if they display any signs or symptoms of COVID-19 and contact their family doctor to arrange a test.

We ask staff and pupils not to return to or attend school in the event of the following:

- If they are identified by the HSE as a close contact of a confirmed case of COVID-19.
- If they are awaiting a test or are experiencing symptoms of COVID-19.

- If they live with someone who has symptoms of the virus.
- If they have travelled outside of Ireland; in such instances staff are advised to consult and follow latest Government advice in relation to foreign travel.

All staff, parents and pupils are asked to cooperate with any public health officials and the school for contact tracing purposes and to follow any public health advice in the event of a case or outbreak in the school.

A Return to Education Form will be required for each pupil returning. All families will be asked to complete this before returning to school.

It is also essential that parents do not congregate at or near the school. All communication with the school must take place by phone or online during this time.

Ventilation

The Department has published guidance setting out the practical steps for good ventilation in accordance with public health advice 'Practical Steps for the Deployment of Good Ventilation Practices in Schools' The guidance sets out an overall approach for schools that windows should be open as fully as possible when classrooms are not in use (e.g. during break-times or lunch-times (assuming not in use) and also at the end of each school day) and partially open when classrooms are in use. The guidance provides that good ventilation can be achieved in classrooms without causing discomfort, particularly during cold weather.

- Dealing with a Suspected Case of COVID-19

School staff should be encouraged to download the HSE COVID-19 tracker app to assist Public Health for contract tracing purposes both in and out of the school setting.

- Staff Duties

Staff are asked not to return to or attend school in the event of the following:

if they live with someone who has symptoms of the virus

If they have travelled outside of Ireland; in such instances staff are advised to consult and follow latest Government advice in relation to foreign travel.

· Cooperate with any public health personnel and their school for contact tracing purposes and follow any public health advice given in the event of a case or outbreak in their school

· Undergo any COVID-19 testing that may be required as part of mass or serial testing as advised by Public Health

STAFF ARE ASKED TO STAY AT HOME IF NOT FEELING WELL

- Hand / Respiratory Hygiene

Staff and pupils need to wash their hands or use hand sanitiser:

When entering and exiting vehicles

When entering and exiting school buildings

- Checklist for cleaning

A new written cleaning schedule has been made available to cleaning staff including:

Cleaning of frequently touched surfaces such as door handles and light switches

Attendance at school:

- Members of the school community who display symptoms of Covid-19 **MUST NOT ATTEND or VISIT OUR SCHOOL** and should immediately phone their doctor and follow HSE guidance on self-isolation;
- Members of the school community **MUST NOT ATTEND OR VISIT OUR SCHOOL** if they have been identified by the HSE as a contact for person with COVID-19 and must follow the HSE advice on restriction of movement;
- Staff and pupils that develop symptoms at school must promptly bring this fact to the attention of the Principal, Deputy Principal, as appropriate.
- Staff and pupils must know the protocol for managing a suspected case of COVID-19 in school as detailed in Section 8 of the DES Guidelines.
- Everyone entering the school building must perform hand hygiene using hand sanitiser provided at each entrance.
- If pupils are sick they **MUST NOT** present for school.
- **Visits** to the school by all persons other than staff and pupils will be **by appointment only**. Appointments must be arranged in advance through the school office, by phone on 061 315827 or by email at info@modelschool.ie
- Each visitor to the school will be required to complete a Contract Tracing Log irrespective of the duration of the visit.
- Parents must drop and collect pupils from the designated entrances and not enter the school grounds under any circumstances.
- The only exceptions to this are:
 - o In the case of Junior Infants, one parent/designated person can accompany pupils in these classes for arrival and dismissal for a settling in period. Parents/designated persons MUST practise physical distancing of 2m.
 - o On their first day at school, Junior infant starting time will be significantly staggered in order to allow two parents to accompany pupils to school if they so wish.
- Physical distancing of 2m should be maintained between staff and all visitors to the school.
- Physical distancing of 2m should be maintained between all adults when on school grounds.
- Visitors and parents are not allowed to wait around the school yard after 9am each morning or at any time in the afternoons.
- Parents and all visitors are requested to wear a face covering when on the school grounds.
- Adults accompanying pupils to school as detailed above and visitors with pre-arranged appointment MUST wear suitable face coverings.

Respiratory Hygiene

All members of our school community **MUST** practice and actively promote good respiratory hygiene at home and at school as this will help protect people around us from viruses such as flu and Covid-19.

Good respiratory hygiene entails:

- Covering your mouth and nose with a tissue or your bent elbow when you cough or sneeze.
- Disposing of the used tissue immediately and safely into a nearby bin.
- Bins will be emptied at regular intervals.

Hand Hygiene

All members of our school community MUST practice and actively promote effective hand hygiene at home and at school.

- Staff and pupils must understand why hand hygiene is important as well as when and how to wash their hands.
- Hand sanitisers are installed, with appropriate signage, at each entry point, in each classroom and at appropriate locations throughout the school.
- Posters are displayed at each hand washing station throughout the school showing effective hand washing technique.
- HSE guidelines on handwashing are available at:
<https://www2.hse.ie/wellbeing/how-to-wash-your-hands.html>
- All persons entering the school building must perform hand hygiene using hand sanitiser provided.

Hand hygiene can be achieved by hand washing or use of a hand sanitiser (when hands look clean).

Frequency of Hand Hygiene

Pupils and staff **MUST** perform hand hygiene:

- On arrival at school;
- Before eating or drinking;
- After using the toilet;
- After playing outdoors;
- When their hands are physically dirty;
- When they cough or sneeze.

Physical Distancing

Maintaining physical distancing in the school environment is one of the key control measures to minimize the risk of the introduction and spread of COVID-19.

Physical distancing will be usefully applied in our school allowing for some flexibility when needed. It will be applied in a practical way that recognises that the learning environment cannot be dominated by a potentially counterproductive focus on this issue. Physical distancing in our school will look different across the various ages and stages of learning.

It is recognised that it is not always possible for staff to maintain physical distance from pupils and it is not appropriate that they would always be expected to do so where this could have a detrimental impact on the pupil i.e. if a child sustains an injury and requires first aid.

However, where possible staff should maintain a minimum of 1m distance and where possible 2m. They should also take measures to avoid close contact at face to face level such as remaining standing rather than sitting beside/crouching down. Staff will wear suitable face coverings while at work.

All adult visitors to the school, as scheduled by appointment, MUST maintain a 2m distance from school staff and wear suitable face coverings.

Our school community is committed to the two principles of physical distancing, namely, increasing separation and decreasing interaction, as a means of minimising the risk of the introduction of Covid-19 to our school.

Increasing Separation

In order to minimise contact between pupils, insofar as possible, the school will operate staggered arrival and dispersal times as outlined below. We will have extra staff on supervision each morning to help pupils become familiar with these new routines.

Arrival and dismissal of pupils

Arrival of pupils:

Group 1: Junior Infants Rang 1 Rang 3 Rang 6

Group 2: Senior Infants Rang 2 Rang 4 Rang 5

Junior Infants will attend school from 8:45am to 1:20p.m. each day (12 Noon until Sept 17th)

Senior Infants will attend school from 8:55am to 1:30p.m. each day

Group One will attend school from 8:45am to 2:20p.m. each day

Group Two will attend school from 8:55am to 2:30p.m. each day

- The school gates will open at 8:25am each morning.
- Children will line up in their class bubbles in their designated area.
- Junior and Senior Infant classes will form their lines in the sheltered infant yard.

- Group One will be admitted to the classrooms between 8:30 and 8:45am when teaching will commence.
- Group Two will be admitted to the classrooms between 8:40 and 8:55am when teaching will commence.
- Where families have pupils in both groups with different start times, we request that you drop your children at approximately 8.35am. Each family will only need to do one drop off each morning.
- When pupils are dropped at the designated time, they must proceed unaccompanied to their designated area / classroom.
- Parents must ensure that arrangements are put in place for the prompt drop off and collection of pupils.

Dismissal:

Junior Infants will be collected from the Infant yard at 1:20pm

Senior Infants will be collected from the Infant yard at 1:30pm

All other classes will leave/ can be collected from their designated gates/areas.

Where families have pupils in both groups, we request that having collected your children at 2.20pm, we ask that you leave the school and return at the later time of 2.30pm. We cannot facilitate requests from pupils in Group Two asking to leave at the earlier time of 2:20pm.

This plan is subject to change and may be reviewed at any time. Parents are asked to practise social distancing guidelines at arrival and dismissal times each day.

We ask that whenever possible, you make appointments for your child outside of school hours e.g. doctor, dentist etc. This is to help keep the pedestrian traffic in and out of the school to a minimum and to minimise the disruption to teaching time and the whole school community.

Parental responsibilities on arrival/dismissal:

- Parents must arrive on time for dropping off and collecting their child.
- Only parents or carers who are well and have no symptoms of COVID-19 or who have served the required quarantine time of 14 days where advised are allowed to drop off and collect children.
- Any adult who is in a high risk category should not drop off or collect children in order to protect themselves.
- Parents must not congregate in groups.
- Parents who are permitted on school grounds must ensure their child remains at their side at all times and that their child does not interact with other children.
- Parents who are permitted on school grounds must wear suitable face coverings

- A drop and go/collect and go policy will be in place. Under no circumstances are parents to congregate on or outside school grounds.
- At arrival and departure times of children, social distancing is to be maintained by children and parents.

B Decreasing interaction

Arrival and dismissal times will be staggered to reduce interaction between various classes. In doing this we will adopt a common-sense approach while recognising the limits to which this can be achieved between pupils.

Break times for class bubbles will be staggered and separate play areas will be allocated to classes within each bubble.

No footballs/basketballs/hurleys etc are allowed in school and no ball games will be allowed before, during or after school until further notice.

A-Z of school practices and procedures

Books etc.

- Parents must ensure that all **books/writing equipment** are sanitised using alcohol wipes before being placed in the child's schoolbag.
- Parents must ensure that all of the child's equipment/books/copies are labelled with the child's name as **equipment/books cannot and will not be shared.**
- We are asking parents to ensure your child has a pencil case for home use and another one for school use. The pencil case used at home will not be brought to school and the pencil case used in school will not be brought home.
- For the start of the school year all books will remain in school. We will

Clothing

- Parents ensure your child can/teach your child to open/close their own coat and tie their own shoes. Shoes with Velcro should be used where pupils are unable to tie their own.

Handshaking/Hugging

- While we will all be delighted to see each other again, hand shaking and hugging will not be allowed.

Home/School Communication

- For the start of the school year communication between home and school will take place electronically using email, Zoom and Aladdin.
- Parents will be asked to consent to using the SEESAW App as this will be used for sending homework and providing feedback during the year. This will apply to all classes in the school.
- Students in 4th, 5th and 6th class will begin using the Google Classroom platform from early in September.
- Parents may contact the school office if they wish to arrange a phone call or Zoom meeting with a staff member. 061 315827 info@modelschool.ie
- Face to face meetings will only be used in exceptional circumstances.

Homework:

- Homework will not be assigned until later in September. However, we would strongly encourage each pupil to read as extensively as possible during this time. Teachers will begin assigning homework on SEESAW early in September.

Hygiene and Cleaning

- Sanitiser dispensers have been installed throughout the school e.g. at each entrance, in each classroom and support room, and in offices.
- Liquid soap is available in all toilets.
- Hand hygiene will be promoted and encouraged, and parents/guardians are asked to support the school in reinforcing this message. Parents are asked to practise hand washing and sanitising with their children at home.
- In accordance with the DES guidelines, the school will be thoroughly cleaned by Cleaning Contractors once per day.
- Frequently touched surfaces – door handles, handrails, communal eating areas, sink and toilet facilities will be cleaned on a rotational basis during the school day.
- All staff will have access to cleaning products and will be required to maintain cleanliness of their own work area. Under no circumstances should these cleaning materials be removed from the building. Staff should thoroughly clean and disinfect their work area before and after use each day.
- Waste will be collected regularly from offices and other areas within the school.
- Staff must use and clean their own equipment and utensils (cup, cutlery, plate etc.)

ICT

- A timetable will be drawn up for the use of common devices. Devices must be cleaned after use and before they are returned for charging.

Lunches

- Parents must ensure that all **lunch boxes/water bottles** are sanitised using alcohol wipes before being placed in the child's schoolbag.

- **Parents MUST ensure that pupils have sufficient lunch/drink coming to school each morning as we will not be in a position to accept and distribute lunches during the school day.**
- Please remind your children not to share their food or drinks with other children.
- Please make sure your child is self-sufficient ie. they can open/peel any lunch/drink you pack for them. Please pay particular attention to any drinks that require a straw.
- Please make sure they have enough drinks to last them throughout the day as we will not be in a position to refill drinks bottles.
- Children will eat their lunches at their desks. No food will be allowed onto the yard.
- All leftovers/waste must be stored in each pupils lunchbox and must be disposed of at home.

Office

- We request that parents use e-payments to minimise the amount of cash that needs to be handled.
- Attendance at school office is by pre-arranged appointment only.
- Pupils will not have access to offices.
- As far as possible, staff members should minimise their entry to the office area.

Photocopying

- Any staff member who uses the photocopier must clean it down after use with the wipes provided.

Physical Education and P.E. Equipment

- Physical Education lessons will take place outside when the weather allows. Teachers will organise lessons that require very little if any equipment. Staff members and pupils will be encouraged to take additional breaks outside during the school day. While these breaks are taking place all windows in the classroom should be opened to allow for ventilation. All PE equipment if used must be sanitised after use.

Punctuality

- It is essential that parents/pupils adhere strictly to the times allocated for arrival and dismissal. Parents of pupils who present late for school must contact the school office by phone to arrange entry to the school. Pupils remain the responsibility of the parents/guardians until they have arranged access to the school.

Returning from abroad

- Children and staff members who have travelled from countries not on the Green List must not attend school during the 14-day self-isolation period which commences on the date of return to Ireland.
-

Staffroom

- All staff members must maintain a physical distance of 2 metres when they are not engaged in teaching e.g. when they are using the staff room and arriving to work.
- Staff meetings for the most part will be held remotely or in small groups if deemed necessary.
- Staff members should bring their own cups, bottles, cutlery, etc. to school and avoid sharing utensils in the staffroom as far as possible.
- Due to staggered break times a max of 7 people at any time will be in the staffroom.

Substitute Teachers and SNAs

- The sequence for covering all teacher absences will be in accordance with DES circular 0045/2020. A copy of the Covid-19 Response Plan will be provided to each substitute teacher/SNA. Substitutes will be required to complete a Return to the Workplace form before they enter a classroom and will be asked to confirm that they have engaged in the online Induction training.

Teaching and Learning

- As a school, we are very aware that the children have been away from school since March 12th. We appreciate the time and effort that went into Home Learning, and we recognise the challenges that Home Learning presented for all families.
- Each child will be in a different place in relation to his/her learning, and we wish to assure you that staff will take that into consideration when planning for Teaching and Learning during the 2020/2021 school year.
- The Department of Education and Skills has published Curriculum guidelines for schools, as we work with all the children during the return to school. Initially there will be a focus on Language, Numeracy, SPHE and PE. As advised by the National Educational Psychological Services we will need to **“Slow down to catch up”**.

Team Teaching/Special Education Teachers/Special Needs Assistants

- Staff members (particularly Support Teachers and SNAs) may rotate between areas/classes but this will be limited where possible. When rotation occurs, agreed sanitising routines will be observed.
- In keeping with our Special Education policy, support will be provided by a blended approach of in-class support, withdrawal and using SEESAW or Google Classroom.
- The provision of support will be organised to ensure our support teachers will work as far as possible, within the confines of a bubble (class).
- Where a support teacher is working alongside a class teacher in a classroom, both teachers must be mindful of maintaining social distance from one another.

- The tables and chairs in SET rooms will be wiped clean by the SET teacher in between different pupils or small groups attending.

Uniforms

- There is no guidance or advice to say that school uniforms or tracksuits should be washed every day and this is not practical for most families. However children's uniforms must be clean and washed regularly as a child may have coughed or sneezed into their sleeve as per coughing protocols. Where possible parents could rotate the use of clothing every second day.
- As a school we strongly advise that children should wear their school uniforms **only for school related activities.** Uniforms or tracksuits should be taken off straight after the child arrives home from school for the day. They should not be worn in after-school facilities, shops, during after-school activities, etc.

Ventilation

- To ensure that classrooms are well ventilated, windows will be kept open as often as possible, and will be opened while children are taking breaks in the playground.

Visiting Teachers/Coaches

- The possibility of facilitating extra-curricular will eventually be explored. However, it is not recommended that children from different bubbles would participate in extra-curricular activities at the same time. For the foreseeable future all of these activities are suspended.

Wellbeing of the School Community

We will work on the recommended five principles to support the wellbeing of all our pupils and staff.

These are promoting:

- A sense of safety
- A sense of calm
- A sense of belonging and connectedness to school
- A sense of self-efficacy and school-community efficacy
- A sense of hope

Our usual practice is to provide support to pupils based on the Continuum of Support. This is a tiered system that provides Whole School and Classroom Support for all pupils, additional School Support for some pupils, and School Support plus extra targeted intervention for a few pupils with complex needs.

- The Stay Safe programme will be taught in all classes at the start of the school year.
- Increased emphasis will be placed in all classes on SPHE / PE and outdoor activities.

Staff Duties

Staff have a statutory obligation to take reasonable care for their own health and safety and that of their colleagues and other parties.

In order to facilitate a safe return to work, these duties include, but are not limited to, the following:

- Adhere to the School Covid-19 Response Plan and the control measures outlined. The cooperation and assistance of all staff is essential to reduce the risk of spread of Covid-19 and to protect health and safety as far as possible within the school. All staff have a key role to play.
- Coordinate and work with their colleagues to ensure that physical distancing is maintained.
- Make themselves aware of the symptoms of Covid-19 and monitor their own wellbeing.
- Self-isolate at home and contact their GP promptly for further advice if they display any symptoms of Covid-19.
- Not return or attend school if they have symptoms of Covid-19 under any circumstances.
- If they develop any symptoms of Covid-19 whilst within the school facility, they should adhere to the procedure outlined above.
- Complete the RTW form before they return to work.
- Must inform the Principal if there are any other circumstances relating to Covid-19, not included in the form, which may need to be disclosed to facilitate their safe return to the workplace.
- Must complete Covid-19 Induction Training and any other training required prior to their return to school.
- Must be aware of, and adhere to, good hygiene and respiratory etiquette practices.
- Keep informed of the updated advice of the public health authorities and comply with same.

Circular 49/2020 deals with Coronavirus (COVID-19): Arrangements for Teachers and Special Needs Assistants employed in recognised Primary Schools

https://www.education.ie/en/Circulars-and-Forms/Active-Circulars/cl0049_2020.pdf

Covid related absence management

The management of a Covid-19 related absence will be managed in line with agreed procedures with DES. Circular 49/2020 also deals with Covid related absences.

https://www.education.ie/en/Circulars-and-Forms/Active-Circulars/cl0049_2020.pdf

Substitution and EPV Days- Information note 08/2020 deals with issues surrounding these topics:

file:///C:/Users/OFFICE/Downloads/84095_52f1d615-f321-4c29-be01-26dbe91dabdf.pdf

Most days that may not have been covered by substitution in the past will be covered for the school year 2020/21. The first EPV day that a teacher uses may be covered by a substitute. The other days may only be taken if they are not disruptive to the running of the school. Any unused EPV days may be carried over to the school year 2021/22.

Employee Assistance and Wellbeing Programme

The Board of Management aims to protect and support the health and wellbeing of all staff (physical, mental, spiritual etc.) both at work, whether in the school facility or at home and outside of work. The School Management is mindful that the support and promotion of staff health and wellbeing is particularly important in the current context where the Covid-19 pandemic has caused considerable challenges for, and disruption to, people's personal, family and social lives as well as their work arrangements. We aim to foster a culture and work environment that support healthy behaviours and staff wellbeing and shall continue to make health and wellbeing tools and guidance available to staff as well as organising suitable support programmes, initiatives and events. These are challenging times for everyone. Should a staff member experience any stress or anxiety in respect of work or work arrangements, he/she should feel free to speak to the principal.

The staff will be made aware of the dedicated 24 hour/7 days a week free phone confidential phone number that can provide advice on a number of issues that may be worrying them- the number is 1800 411057

Illness and Dealing with a Suspected Case of COVID-19

We love to see all of our children at school every day. However, under the current circumstances, if children are sick they must not be sent to school.

- Parents/guardians must keep children at home if they display any Covid-19 Symptoms. <https://www2.hse.ie/conditions/coronavirus/symptoms.html>
- Staff must not attend school if they display any symptoms.

- We have a designated sick bay/ isolation area.

This is situated on the ground floor in Seomra 19.

We have assigned Seomra 20 as a second isolation area should we require one.

The room will be clearly indicated and a sign 'IN ÚSÁID' will be used in the case of the room being in use.

Due care and attention will be given to cleaning this room between uses.

- If a staff member/pupil displays symptoms of COVID-19 while at school, the following procedure will be implemented:
 - ✓ The pupil will be accompanied to the isolation area. A distance of 2 meters will be maintained. The person accompanying the child must wear a face covering.
 - ✓ If a pupil has a suspected case, parents/guardians will be contacted immediately by telephone. Parents must make sure that their contact details are kept up to date at all times. If we are unable to contact a parent/guardian it will be considered a serious breach of Health and Safety.

- ✓ Staff members who are symptomatic should immediately inform the Principal/Deputy Principal and go to the isolation area.
- ✓ A face covering will be provided to the staff member/child who is symptomatic.
- ✓ The staff member or child who is symptomatic should avoid touching people, surfaces and objects.
- ✓ If the staff member/child is well enough to go home, arrangements will be made for them to be transported home by a family member, as soon as possible.
- ✓ Anyone who is symptomatic is advised to inform their general practitioner by phone of their symptoms. Public transport of any kind should not be used to travel home.
- ✓ If the staff member/child is too unwell to go home or advice is required, the school will contact 999 or 112 and inform them that the sick person is a Covid-19 suspect.
- ✓ The isolation area and work areas will be thoroughly cleaned in line with the guidelines.
- ✓ The HSE will inform any staff/parents who have come into close contact with a diagnosed case via the contact tracing process. The HSE will contact all relevant persons where a diagnosis of COVID-19 is made. The instructions of the HSE should be followed and staff and pupil confidentiality is essential at all times.
- ✓ It is important to remember that any of us can get sick or unwell, and if we do, we need understanding and support from those around us. It is essential that anyone who feels unwell makes that known to the Principal/Deputy Principal as soon as possible.

This policy was sanctioned by the School Manager of An Mhodhscoil on 27/08/2021

COVER YOUR COUGH AND SNEEZE

Stop the spread of germs that make people sick

When you cough or sneeze
cover your nose and mouth
with a tissue

or

Cough or sneeze into your
elbow, not your hands.

Throw away your tissue!

Clean your hands after
coughing or sneezing.

Thanks!
